

eTalentelle Wealth Creation Blueprint (Dec. 20, 2010)

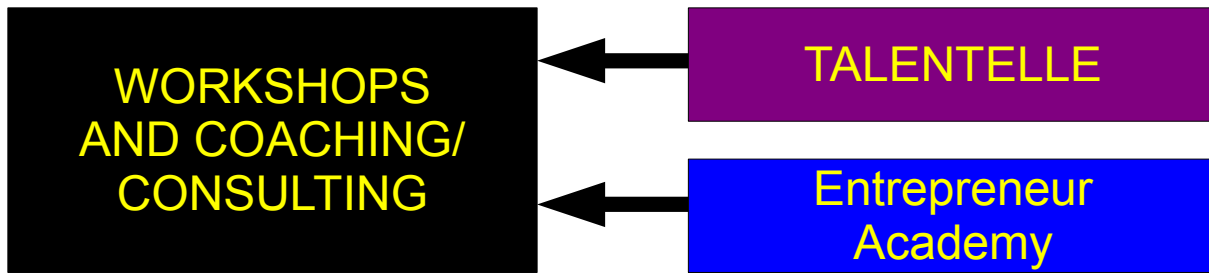

The following is a business design through which women can cocreate new products (training videos mostly) and share them with ALL the women they know (and will meet in the near future) in order to empower them. In return, they receive donations (of any amount) which go DIRECTLY into their Paypal account (which is free to set up).

eTalentelle.com is a nonprofit venture designed to offer free educational and training videos to help women succeed in their career or startup venture.

HOW WOMEN MAKE MONEY:

Each social publisher is authorized to put her Paypal Donation Button on the sidebar of her eTalentelle site (ex. etalentelle123.wordpress.com) so she can receive donations straight into her Paypal account.

VIRAL RECRUITMENT OF SOCIAL PUBLISHERS

Paypal donations go to women who participate as social publishers

Women who donate can become social publishers too!
